Please find below and/or attached an Office communication concerning this application or proceeding.

Commissioner for Patents

Response to restriction/election of species requirement filed 10/18/2007 is acknowledged.

The response provides an ambiguous account of the claims. Applicant elects Groups I, comprising claims 155-163; at the same time, applicant states that claims 154-171 belong to Group II.

Further, in above, applicant addresses claims 154-171; however claims 164-171 appear to be canceled.

Therefore, applicant is invited to clarify claims status before the initial examination on merits.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Michael Borin whose telephone number is (571) 272-0713. The examiner can normally be reached on 9am-5pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Marjorie Moran can be reached on (571) 272-0720. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300. Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see <http://pair-direct.uspto.gov>. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free). If you would like assistance from a USPTO Customer Service Representative or access to the automated information system, call 800-786-9199 (IN USA OR CANADA) or 571-272-1000.
